

Cloud @ UNED

Present & Teaching & Research

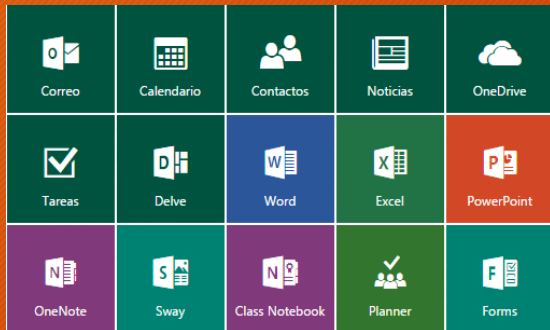

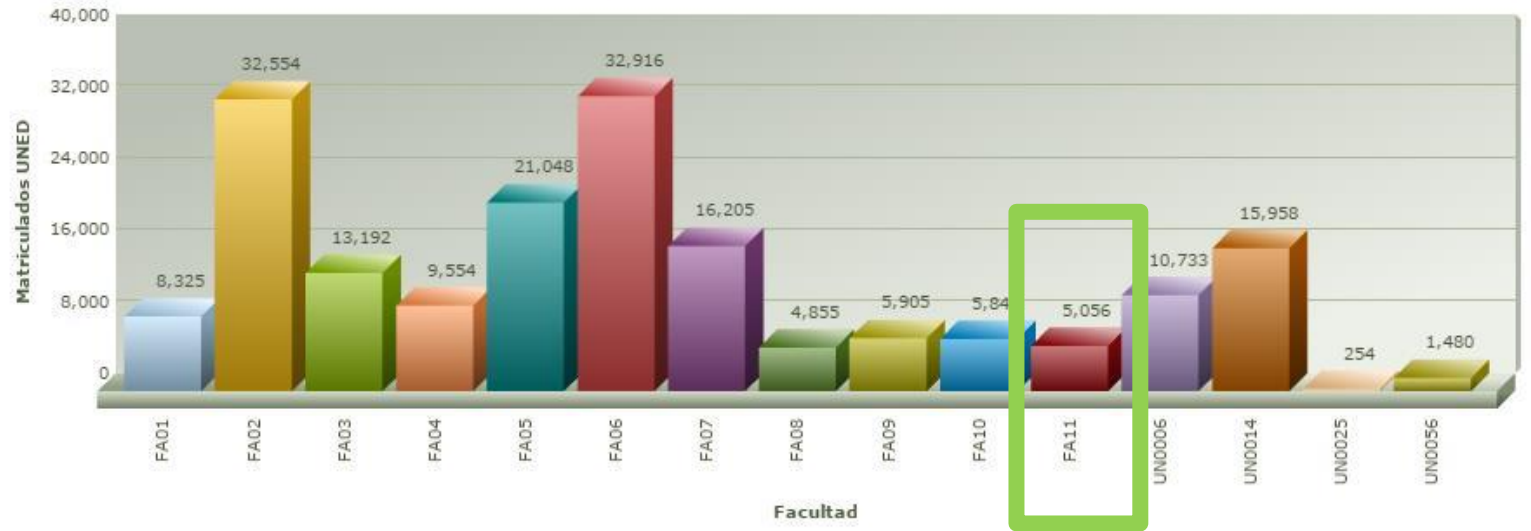

Institutional context

Matriculados UNED - Estudios 2015-2016

Matriculados UNED - Facultad 2015-2016

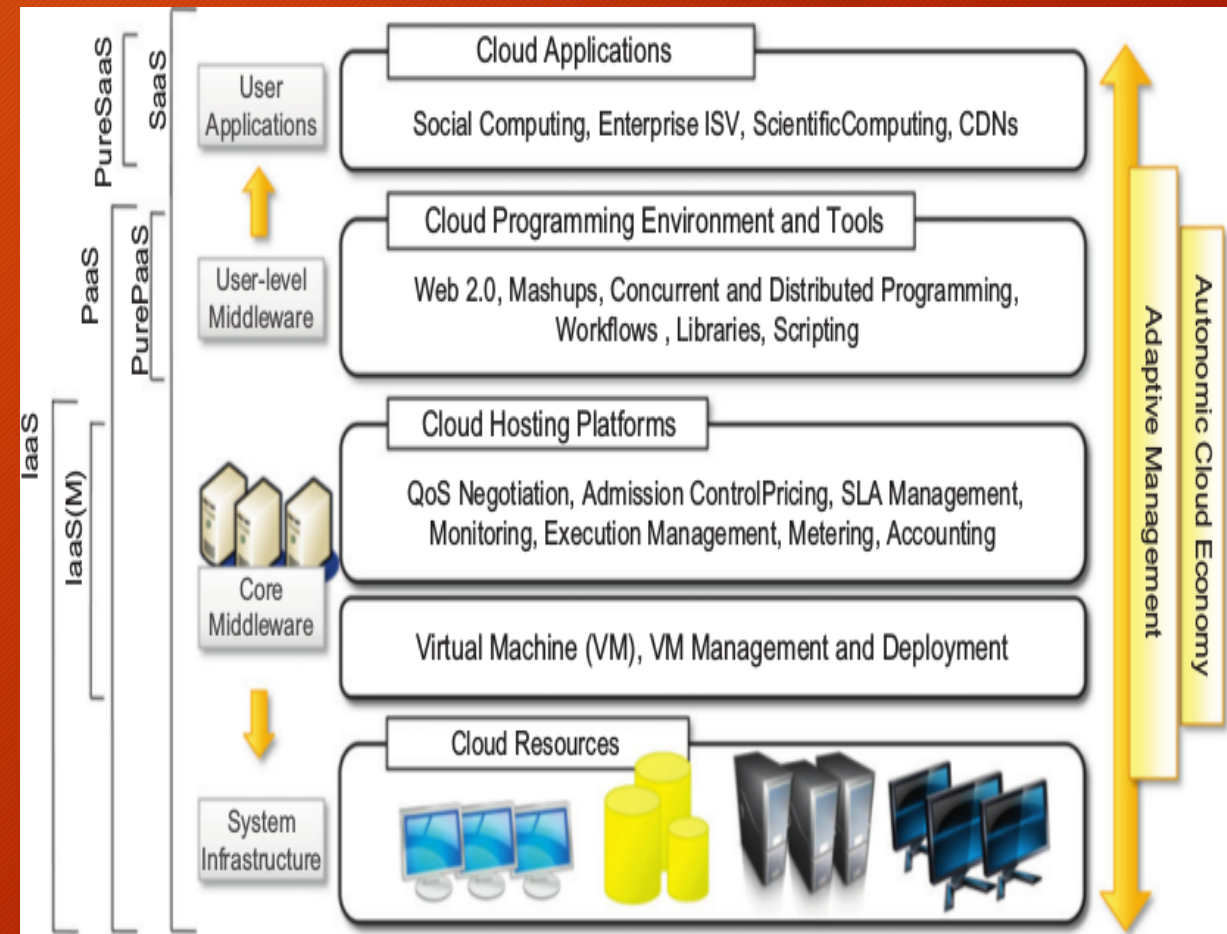

aLF (active Learning Framework)

Cloud platform for online learning

Teaching cloud @ UNED

- Cloud is a core technology
- Included as a main issue in several subjects (official master degrees):
 - Docker containers and VMs
 - PaaS
 - SaaS (services and applications)
- Recently it has been incorporated in official degrees (distributed computing subjects, SaaS/PaaS)

Research

- Cloud related technologies
 - Big data: Spark, Hadoop
 - Machine Learning, IA
 - Learning analytics (SNOLA, MOOC)
 - IoT and cloud platforms
 - eHealth

Thank you for your attention
